JAP CRUISER SUNK.

Six Men Were Wounded and Two Killed During the Fighting With Russians.

THE VESSEL STRUCK A MINE.

Japanese Advance From Peng Wang Cheng Towards Liao Yang Is Marked by Indecision.

Several Skirmishes Have Occurred Between Russians and Chinese Bands—Three Cossacks Killed and Four Are Missing.

Washington, May 17.—The Japanese cruiser Miyako has been sunk by a Russian mine. This statement is made in an official dispatch to the Japanese legation here from Tokio as follows:

"Adm. Kataoka reports that on May 14 our torpedo boat flotilla continued its sea-sweeping operations under cover of the fleet. The enemy constructed temporary batteries on the promontory between Kerr bay and Tallen Wan and placed six field guns, besides a hastily constructed fort. With one company of soldiers they stubbornly resisted our attack.

"Our torpedo flotilla, defying the enemy's fire, carried out the operations and destroyed five mines laid by the enemy. Unfortunately one of the mines exploded and sank our cruiser Miyako. In this accident six men were wounded, besides the two who were killed during the fight."

St. Petersburg, May 17.—Owing to the interruption of communication with Port Arthur, the admiralty has no information of its own either regarding the blowing up of the Japanese cruiser Miyako on May 15 or the torpedoing and crippling of an armored Japanese cruiser in Tallen Wan bay May 10 by a naphtha launch in command of a young Russian naval officer. The admiralty officers read with interest the press account of the former and pointed out that by no chance could the two happenings be identical since the Miyako struck in daylight and the other event is reported as happening at night. The admiralty, while awaiting news of either incident, points out the feasibility of the launch exploit, since the equipment for sending torpedoes from small boats, an invention of the late Adm. Makaroff, was utilized in the Russo-Turkish war. Whether one or two Japanese ships have been crippled, satisfaction is expressed at the admiralty that there has been some equivalent for the disasters to the Port Arthur fleet.

The Ore arrived Monday at Constadt, making the third battleship of the squadron destined for the far east which has arrived there to receive an equipment of guns. The battleship Alexander III. has already been commissioned and the battleship Borodino is receiving her main battery. The Souvaroff is the only battleship under construction to be assigned to the far east and she was promised for delivery last month. Batteries are being installed on the protected cruisers Jemchug and Izumrud.

Despite this progress, Vice Adm. Rejstevsky said to a press representative that there would be no hurry for the voyage to the far east and that he does not expect now to arrive in the Pacific before September next at the earliest.

The following dispatch from Maj. Gen. Pfug, dated May 15, has been received at the war ministry:

"According to information received up to May 15, the enemy's advance from Peng Wang Cheng towards Liao Yang is characterized by indecision. It is to be supposed that the objective of the principal Japanese forces is a point beyond Hal Cheng or Hailjoou (Kai Chau?).

"Another important group of these forces is concentrating in the district northwest of Takushan.

"Several skirmishes have occurred with Chinese handits in which three Cossacks were killed and four are reported missing.

"In the Maritime province all is quiet."

PORT ARTHUR BESIEGED.

Japanese Attack the Fortress Night and Day By Land and Sea.

London, May 17.—The Shanghai correspondent of the Morning Post, cabling under date of May 16, says that according to a native report from Port Arthur the Japanese are vigorously besieging the fortress night and day by land and sea, that 60 Japanese warships and transports have been sighted in Blackney bay and that heavy firing has been heard in Kien Chau bay.

"Abilene, Tex., May 17.—Mrs. Phil Smith and little son, residing near Dudley, Tex., were struck and instantly killed by lightning.

SUPPOSED INSANE MAN.

He Threatened the Life of Gov. Durbin in Chicago.

Chicago, May 17.—A man supposed to be insane interrupted the address of Gov. Durbin, of Indiana, at the African M. E. conference Monday night, and threatened the governor with death because he "had disputed the word of Father Abraham."

During the governor's address the man had been pressing forward gradually and just before the speaker concluded he had reached a point almost in front of the rostrum.

Suddenly he started toward the governor shaking his finger at him and exclaiming: "Any man who dares to dispute the word of Father Abraham, the Father of the Nation, I will kill him."

Before he could reach the rostrum he was seized by several of the ushers and rushed through a side door into the street. After being pushed through the door, the man ran off and disappeared. The ushers threw him out so quickly that it was not learned whether or not the man was armed.

SECRETARY CORTELYOU.

May Be Selected as Chairman of Republican National Committee.

Washington, May 17.—George B. Cortelyou, secretary of the department of commerce and labor, it seems very likely now, may be selected as chairman of the republican national committee. While in no sense endeavoring to anticipate the action of the Chicago convention or that of the national committee, to be chosen at that convention, President Roosevelt and leaders of the republican party generally have canvassed for months the subject of the national chairmanship. From time to time the names of various prominent republicans have been published in connection with the chairmanship, but the gossip about the matter had no firmer basis than conjecture.

IMPORTANT DECISION.

Telegraph Operator For a Railway and a Fireman Are Fellow Servants.

Washington, May 17.—The supreme court of the United States Monday laid down the principle that a telegraph operator for a railroad company and a fireman on a railroad engine are "fellow servants" and that the negligence of the former causing the death of the latter in the operation of trains was a risk the fireman assumed and was not a ground for damages against the railroad company.

The case was that of Ailine A. Dixon against the Northern Pacific Railroad Co. for damages for the death of her husband, C. A. Dixon, a fireman on the road, killed in a collision caused by the negligence of a telegraph operator.

NEWSPAPER MAN'S JOKE.

Masked, With An Unloaded Revolver, He Robbed Fellow Passengers.

St. Joseph, Mo., May 17.—As the Northwest Missouri Press association was en route to St. Louis in a special car Monday, T. E. Williams, a St. Joseph newspaper man, entered the car with a mask over his face and an unloaded pistol and relieved the party of their valuables, afterward removing his mask and rejoining the party without detection. Practically all of the editors wired home for money, but when they reached St. Louis Mr. Williams explained the joke and returned their belongings to them.

WAS BEHEADED.

Man Threw Himself in Front of An Engine at Nanticoke, Pa.

Wilkesbarre, Pa., May 17.—An unknown man was seen Monday acting strangely about the railroad yards at Nanticoke. A few moments later he threw himself in front of a rapidly moving shifting engine and was run over and beheaded. Papers and a card found on his person and put together indicate that he was George Eck, of Cincinnati. He had a working card issued by the Bricklayers and Masons' union and had paid his dues as late as last March.

Will Starve Them Out.

Seoul, May 17.—It is reported that a Japanese force has cornered 200 Russians north of Anju, and is endeavoring to starve them out. The only provisions in the possessions of the Russians are those secured by forage.

Want to Produce a Moral Effect.

Seoul, May 17.—Japanese are bringing to Seoul two Russian non-commissioned officers who were captured at Anju. The prisoners are being brought here with the intention of producing a moral effect on the Koreans.

Chamberlain, S. D., May 17.—The notorious desperado, Jack Sully, who for many years has been the terror of the Rosebud country, was killed Monday in a running fight with officers.

M'DONALD TRIAL.

The Prisoner is Charged With the Murder of Miss Sarah Catharine Shafer.

THE WORK OF SELECTING THE JURY

A Special Venire of 100 Names Exhausted Without Result and an Additional One Was Ordered.

The Accused Man Laughed and Gossiped Good Naturedly With His Attorneys, Appearing Perfectly at Ease All Day.

Bedford, Ind., May 17.—After a restless night spent in his cell in the Lawrence county jail, James McDonald, charged with the murder of Sarah Catharine Shafer, at Bedford, on the night of January 21, was placed on trial Monday. McDonald entered the crowded courtroom with a confident air Monday morning.

The work of selecting a jury is going to be of a more difficult nature than anticipated, the special venire of 100 names being exhausted without securing a jury. All but 11 of the men of both the regular panel and the special venire had been excused by noon. Most of the jurors thus excused had formed such opinions in the case as would require some evidence to change. Three were opposed to capital punishment. When the afternoon session of court was opened Judge Wilson ordered an additional venire of 100 names and court was adjourned until Tuesday morning.

The indications are that the jury will not be completed before Tuesday night and some of the attorneys are of the opinion that the jury can not be completed before Thursday.

While the jury was being selected, McDonald laughed and gossiped good naturedly with his attorneys, appearing perfectly at ease. There were 11 men in the jury box when court adjourned but it is believed that most of them will be rejected.

Detective Reed occupied a seat near Prosecutor Miller. He was a close observer of the proceedings and is considered the principal witness for the state.

It is now expected that fully two weeks will be required to try the case. Fifty-seven witnesses have already been summoned for state and 50 for the defense. James McDonald will be the first and principal witness for the defense.

THE GILLESPIE MURDER CASE.

Witness Saw the Barbours Peering Through the Window.

Rising Sun, Ind., May 17.—The beginning of the second week of the Gillespie trial finds the state continually strengthening the case against James Gillespie. Although no direct testimony has as yet been introduced to connect him with the murder of his sister, it is the plan of the prosecution to build the case up from the unimportant preliminary testimony, which, it is claimed, will connect Jim Gillespie directly with the act charged. Following this plan, the state has built up, incident by incident, a strong and cohesive story of relationships and motives, and will, toward the latter part of the week, begin to produce the most important testimony at the command of the state's attorneys.

Monday morning began with Mrs. Ella Jones on the stand. She lives two squares from the Gillespie home. Immediately after the murder had been bruited around, she went to the scene. She swore that she saw Mrs. Myron Barbour standing on the sidewalk, near the window through which the assassin had fired the fatal shot. Her husband, Myron Barbour, approached her. Mrs. Jones swore that she heard the following conversation: Mrs. Barbour: "You know nothing about this, do you?"

Myron Barbour: "No."

On cross-examination, Mrs. Jones stated that Mrs. Barbour made no effort at concealment, and did not lower her tones. Barbour came from down town with Robert Salnes.

Elizabeth Lemmon, who was placed on the stand by the state, testified to seeing the Barbours peer through the window which had been broken by the charge of shot after the shooting occurred and on the night of the murder.

St. Paul, Minn., May 17.—Peter Schommer strangled and poisoned himself Monday in his shoe shop. He fixed a noose about his neck and tied the other end of the rope about his left arm. Then he took carbolic acid.

Fire at Augusta, Ga.

Augusta, Ga., May 17.—The plant of the Augusta Evening Herald was completely destroyed by fire Monday night.

ROW AT A DOG FIGHT.

Two Negroes Fatally and Two Others Seriously Wounded.

Louisville, Ky., May 17.—Because two bull dogs would not fight according to program for the edification of 100 Negroes, four colored men owning the animals started in to furnish the carnage themselves with the result that two Negroes were fatally and two others seriously wounded in the general melee which followed. Dillard Loving and his nephew, John Loving, will die of gunshot wounds. Dave Field and his son, Will Field, were terribly cut and torn by bullets and the elder Field may yet die. There were several minor casualties.

The fight occurred just outside the city limits. After the two Lovings, owners of the bull dog "Jim," and the Fields pair, owning "Emma," had taken up a collection for a purse the animals were thrown in the pit but would not fight. An attempt to redistribute the purse among the donors caused the row.

GRAFTING IS STEALING.

The Judge Says Guilty Officials Should Be Indicted.

Shelbyville, Ky., May 17.—Circuit Judge R. F. Peak, in his charge to the grand jury Monday, called attention to a published statement in which members of the Shelby county fiscal court and certain county officials were charged with grafting. He said the common acceptance of the term "grafting" was stealing, and he charged the jury to inquire into the charges. If guilty the offenders should be indicted.

JOCKEY'S LEG BROKEN.

The Horse Jumped the Fence, Ran Away and Threw His Rider.

Louisville, Ky., May 17.—The Guardsman, a well played long shot, won the last race Monday and then ran away, jumping through the fence in the back stretch and threw Jockey Wedderstrand. The boy's leg was broken. The Pet, at 20 to 1, won the Juvenile stakes for two-year-olds. Magic, the favorite, finishing second. Talpa beat Mannie Hodge and Miss Crawford in the sprint race.

An 1812 Pensioner.

Winchester, Ky., May 17.—Mrs. Frances Chism, 94, died here Monday of old age. She drew a pension on account of the services of Commodore James Chism in the war of 1812. Her death leaves only one pensioner of that war living in the county, Mrs. Nancy Baxter, and her death is daily expected.

For a Husband \$20,000.

Henderson, Ky., May 17.—Mrs. Ida P. Beverley was awarded a verdict for \$20,000 damages in the circuit court against W. E. Gatlin, who shot and killed her husband. The criminal case was dismissed, and the defendant made no defense in the civil suit.

Bound Over to the Grand Jury.

Covington, Ky., May 17.—Edward Kuntz, the man with live aliases and as many wives, was arraigned before Police Judge Pence Monday morning on a charge of larceny preferred by Mrs. Getty, whom he married under the name of Meier, in Newport.

Franchise Values Fixed.

Frankfort, Ky., May 17.—The state board of valuation Monday fixed the franchise value of the Covington and Cincinnati Bridge Co. at \$875,000, and increased the franchise value of the Lexington & Eastern railway \$300,000 more than it was last year.

Attorney Root's Condition.

Newport, Ky., May 17.—Friends of Hon. O. W. Root, one of the foremost attorneys practicing at the Campbell county bar, are worried because of a turn for the worse that he has suffered. Some time ago he was operated on for a cyst.

Will Be a Record-Breaker.

Frankfort, Ky., May 17.—The 57th annual convocation of the Grand Commandery of the Kentucky Knights Templars here Wednesday and Thursday promises to be one of the largest gatherings of its kind held in the state.

State Board of Health.

Louisville, Ky., May 17.—At the annual meeting of the state board of health Monday night Dr. J. N. McCormick, secretary, was instructed to proceed against two alleged quack medical institutions located in Covington.

Found Dead Seated in a Buggy.

Paducah, Ky., May 17.—Will I. Levy, commission merchant, was found dead seated in a buggy over his office, the upper story being a storehouse for a buggy company. He had been missing since Sunday.

Lexington, Ky., May 17.—It is said that a number of Kentucky State college's graduating class of engineers will secure positions on the Isthmus of Panama canal.

HUBBARD'S BODY.

It Has Been Brought to Wesleyville, N. F., by the Sealing Vessel Aurora.

PERISHED IN CENTRAL LABRADOR.

Hubbard Was Assistant Editor of the New York Outing and Was on an Exploring Expedition.

The Steamer Also Brought His Companions, Dillon Wallace, a Lawyer of New York, and Frank Elson, a Half-Breed Guide.

St. Johns, N. F., May 17.—The sealing steamer Aurora, which has been landing machinery for the whale factory at Cape Charles, Labrador, returned to Wesleyville, 100 miles north of here, Monday, bringing the body of Leonidas Hubbard, jr., assistant editor of Outing, who perished in the interior of Labrador last October, while on an exploring expedition. The Aurora also brought Hubbard's companions, Dillon Wallace, a lawyer, of New York, and Frank Elson, a half-breed guide. The steamer will arrive here Tuesday.

Wallace and Elson, with Mr. Hubbard's body in a coffin on a dog sled, left the Hudson Bay Co.'s trading post at Northwest river on March 3 with a party of half-breeds and dogs conveying stores. They proceeded south along the Labrador coast, traveling in the interior being impossible owing to lack of shelter from the frequent fierce snow storms. They journeyed through all the fishing harbors along the coast, finding shelter with the settlers when possible and making from eight to ten miles daily.

The party reached Battle harbor on the outer extremity of the Straits of Belle Isle Thursday last, after traveling for over two months and covering a distance of 485 miles. Ninety-four dogs were in commission during that period.

At Battle Harbor is a mission hospital, where the party stopped and where it was learned that the sealing steamer Aurora was in the vicinity. They secured passage on the Aurora to this point, Capt. Abraham Kean going to Battle Harbor for them.

Wallace and Elson are in good health. The body of Hubbard was excellently preserved owing to the intense cold of the past winter, which still prevailed in the waters traversed by the Aurora in the past two days.

THE FRENCH PAVILION.

The Structure on the World's Fair Grounds Was Opened Monday.

St. Louis, May 17.—One of the most elaborate and artistic events that has been and probably will be tendered during the World's fair marked the opening of the pavilion of the French government Monday. The pavilion is a replica of the Grand Trianon of Versailles gardens. It represents the magnificent villa erected by Louis XIV. for Mme. DeMaitenon and one of the favorite places of residence of the First Napoleon. The gardens, surrounded by a high iron fence, were laid out by J. Vacherot, the head gardener of Paris, and presents one of the beauty spots of the exposition. The pavilion is filled with splendid specimens of French sculpture in marble, costly tapestry, magnificent vases or Sevres porcelain and valuable paintings.

The guests were received by French Ambassador and Mme. Jussierand, Commissioner General Michael La-Grave and the other members of the French commission.

Beal Law is Upheld.

Washington, May 17.—The United States supreme court declared the Beal local option law of the state of Ohio to be constitutional. The case came up from the supreme court of Ohio on complaint of John Floyd vs. Joseph Dolliser, sheriff of Guernsey county.

Officials Must Stand Trial.

Milwaukee, Wis., May 17.—Milwaukee officials, against whom indictments were returned charging bribery, must stand trial. A demurrer in the case of Alderman William Murphy on such a charge was overruled by Judge Tarrant in the circuit court.

Will Lecture on American Radium.

Princeton, N. J., May 17.—Prof. Alexander H. Phillips, of Princeton university, who is generally known as the discoverer of American radium, has accepted an invitation to attend the St. Louis exposition and deliver daily lectures on the new element.

Will Not Challenge For America's Cup.

Belfast, May 17.—The officials of the Royal Ulster Yacht club deny that Sir Thomas Lipton has decided to issue a fourth challenge for the America's cup.

INCREASE IN COST OF LIVING.

There has opportunely appeared a publication of the Bureau of Labor, under charge of Commissioner Carroll D. Wright, showing the movement of prices of necessities of living since 1890. It did not need these statistics, observes an exchange, to convince the American consumers generally that the prices of commodities are rising, while the wages as well as the opportunities of labor are declining. Taking the average level of the prices of necessities for the test, it is seen from the table of Commissioner Wright that living was dearer in 1903 than in any period of twelve months since 1890. Somewhat slowly the level fell from 1890 to 1896. Then under the operation of the Dingley tariff act, it began to rise steadily in 1897, and during the succeeding years the industry of the trust promoters attained a startling development.

Foremost among the trusts which contend that their monopolistic methods have cheapened their products to consumers is the Standard Oil Company, yet the price of oil advanced not far from 100 per cent. from 1893 to 1903. The Standard is in the enjoyment of a protective duty of about 35 per cent. against its only serious rival—Russia. But although it is alleged that the beneficiaries of this gigantic monopoly are not concerned about a duty that enables them more effectually to control the home market and despoil American consumers, they have enough influence with the Republican majority in Congress to prevent any revision of the tariff looking to its repeal. The other trusts that are behind the tariff wall operate in the same way in maintaining the cost of living.

While prices of necessities are rising under trust manipulation, the earnings of labor in many branches of industry are declining. Thus simultaneous rising in cost of living and reductions of earnings are making the situation doubly oppressive to wage earners. In vain the high priests and votaries of the tariff idol invoke it to continue the reign of prosperity, which they have superstitiously attributed to its beneficent power.

As long, however, as the people vote for Republican rule, they haven't any right to kick against such a state of affairs as that set forth by Mr. Wright.

GOOD ADVICE.

Scientist Holds That Every Boy Should First Learn Some Trade.

[Engineering Magazine]

"Professions are not mines of wealth; those who have embraced them are not paid in proportion to merit, anomalous as it may seem. Men have grown gray in the services of colleges without receiving more than a very small salary. Be this as it may, the shopman has by no means a poor outlook in comparison with many of the so-called learned professions—lawyers, physicians, and even clergymen. He can command now \$3 per day, and much more if he is a skilled man; on piece and contract work he can make 'good money,' as the saying is. Few professional men make \$3 per day in the early years of their careers, and there is nothing in the calling of any workman to debar him from civic or national honors if he seeks them. The only thing which prevents more young American men from taking up trades is the fancied stigma which attaches to a mechanic, so-called, among a certain class—one, by the way, whose verdict is of no importance from any aspect. If I had a life to live over I should devote five years to learning a trade first. I would go into a shop without giving any one a hint as to my intentions later, and would take what came, keeping an open eye and receptive mind for all within my field of vision. After such an experience I would go to a scientific school (if not outlawed by an age limit) and absorb knowledge as a sponge does water. As one benefit from this course, I would have a sound mind in a sound body, enabling me to study hard and to appreciate more readily the teachings of science. I could see exactly where it agreed or conflicted with practice."

STATE TEACHERS.

Active Preparations Being Made to Entertain Kentucky Educational Association in June.

List of Committees Named at Local Meeting Saturday—Maysville People Should Unite Heartily in Welcoming Visitors.

The call of Supt. Wells for a meeting of the teachers last Saturday was not very heartily responded to, there being only fourteen present. The purpose was to discuss plans for the meeting of the Kentucky Educational Association here June 21 to 23.

Mr. Wells has been very active in his effort to get the teachers together, but it seems almost impossible, from the fact that many of them who reside at a distance are now at their homes while many others are away attending summer schools.

Only about a month remains 'till teachers from all parts of Kentucky will assemble here, and it behooves the teachers and the citizens of Maysville in general to see that the visitors are as royally entertained in Maysville as in any city in the Commonwealth. To that end the Board of Trade has kindly donated the use of the opera house and the teachers have contributed 10 per cent. of a month's salary. The citizens of Maysville should lend a helping hand. There is no reason why the meeting should not be a grand success.

Another meeting is called for Saturday, May 21st, when it is very necessary for all teachers to be present, especially those on the following committees:

Executive Committee—C. D. Wells, G. H. Turpin, W. R. Chandler, E. L. Gills, Jessie Allison, Ethel McMillan, C. L. Martin.
Decorative Committee—C. L. Martin, Eleanor Wallace, Arthur Mitchell, Ella Metcalfe, C. D. Wells.

Local Program—E. L. Gills, Phoebe Waller, Daisy Greenwood, Sallie Burrows, W. R. Chandler, H. C. Curran.

Reception Committee—G. H. Turpin, Allie Wells, Jessie Allison, Ethel McMillan, Elizabeth Van Arsdell, Jessie Yancey, W. H. Reese, Nettie Roe, Hattie Broshars, E. Regenstein, Violet Graham, W. T. Berry, Mary E. Dickson, Marian Wormald.

Entertainment Committee—H. C. Curran, Jno. Duley, all of city teachers.

Brahm Van Den Berg.

This artist was born at Cologne, on the Rhine, in 1876. At the age of five he was taken to Antwerp and there received his education, his first piano teacher being M. Edward Kurwelds, present director of the National Opera at Antwerp. At the age of twelve he played in many concerts and received recognition from many European critics. While a very young artist he was engaged for a series of concerts in London, Paris, Amsterdam, Brussels, Liege and elsewhere. While on this tour he met Saint Saens in Paris, and that composer was so impressed with the young Belgian's playing that he invited him to his own home where he had for a time the benefit of this great musician's personal tuition. Appearing later before the King of Belgium at his palace he became a protegee of the King and Queen, completing his musical education under such eminent musicians and teachers as Josef Wieniawski, Peter Benoit, Jean Blokkx, Tilborghs and Lechetsky and afterwards made an important and successful concert tour.

In 1896 Mr. Van Den Berg returned to Antwerp, taking the position of first conductor in the National Opera, succeeding his former teacher, Edward Kurwelds, who had recommended him for the position which he held for two seasons. He then became conductor at the Grand Opera House in Algiers, where he remained until 1900, producing about this time an opera of his own composition which was well received.

Mr. Van Den Berg has written many compositions in varied style, and his musical temperament is intensely impressive. He will appear at Washington Opera House Monday, May 23rd. Reserved seats free, compliments of Smith & Nixon Piano Co.

EASY WAY TO CURE CATARRH.

Breathe Hyomei and Kill All Catarrhal Germs—"Money Back if it Fails,"
Say J. J. Wood & Son.

There is no dangerous stomach drugging when using Hyomei. The healing and aromatic balsams which compose this wonderful treatment are breathed through a neat pocket inhaler that comes with every \$1 outfit.

In this way the germ-killing and health giving Hyomei penetrates to the most remote cells of the lungs. It searches out and kills disease germs in the air passages of the head, throat and nose, soothes and heals the irritated mucous membrane, and absolutely drives catarrh from the system.

Such remarkable results have followed the use of Hyomei by the best people in Maysville that J. J. Wood & Son have the greatest confidence in its power to cure catarrh. They believe in it so thoroughly that they will give their personal guarantee to refund the money if it does not cure, the purchaser to be the sole judge.

This is an unusual offer and the first time that any medicine or treatment for the cure of catarrh has been sold in this way. If it cures, the expense is trifling, while if it fails, the cost is absolutely nothing.

If you are fortunate enough not to be troubled with catarrh, tell your friends of J. J. Wood & Son's offer and get them to take advantage of it.

ARE YOU SATISFIED?

If Not, What Better Proof Can Maysville Residents Ask For?

Save Your Daughter

No. 185 West 88th Street,
New York City, N. Y., April 3, 1903.

Wine of Cardui has been a blessing to my home. I have often found that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for our daughter and only child. I noticed that her menses were tardy and she suffered with headaches and giddiness, heaviness in the abdomen and about the loins. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, health and behavior, in fact she was a different girl. The flow became regular and we have not had any difficulty since.

Lizzie H. Thompson
TREASURER, BATHONE MEMORIAL ASSOCIATION.

WINE of CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and giddiness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable. All druggists sell \$1.00 bottles Wine of Cardui.

The Bee Hive

We Never Get Tired

Of telling you about SKIRTS. Some people say, "Fine feathers, etc.," but while we don't believe this, it does seem peculiar that all the good-looking girls and ladies in this section wear Skirts that come from Merz Bros. All kinds, but Mohairs are having the run, \$15.95 up.

Ladies' Jackets.

A few left, so come soon. You will need one all summer, and just now think of that big doctor bill that you could have saved if you had a Spring Jacket.

10c. Lawns.

A new line to select from. The best styles in town and besides the best Lawn at 10c., we said.

Five hundred dollars is the average amount spent every year by each family in the U. S. If you are a careful buyer and save Globe Stamps, you can fill seven books a year, and there are families in Maysville spending five to ten times that much, that means forty to seventy-five books a year. My! What beautiful things you can have for your house free. When you think of this, do you wonder that so many people are saving Globe Stamps. Globe Stamps are here to stay—start saving to-day—a book for the asking.

MAYSVILLE COMMANDERY.

Sir Knights to Leave This Afternoon to Attend Conclave at Frankfort.

The annual conclave of the Grand Commandery of Kentucky, Knights Templar, will be held at Frankfort this week. The following Sir Knights of Maysville Commandery No. 10 leave at 1:15 p. m. over the L. and N. to attend: Messrs. Rees Kirk, W. N. Stockton, H. B. Owens, R. B. Owens, Thos. A. Keith, George Griffin, W. W. Gault, Frank O. Barkley, W. H. Howard and Wm. Trout. Sir Knights R. B. Owens, Thomas A. Keith and H. B. Owens will be accompanied by their wives, and the Commandery will take as their guests to Frankfort a trio of charming young women. They are Misses Alice Dobyns, Florence Rogers and Kitty Poyntz. A happier selection of youth, beauty and charm could not have been made, and it is easy to suppose that the honors and attention which always falls to the lot of this commandery will in a large measure be given on this occasion to the young women just mentioned.

The commandery has engaged Weber's Prize Band of Cincinnati for the trip. They will be joined by the band at Paris. Sir Knight Keith is Grand Senior Warden of the Grand Commandery and will probably be elevated to the position of Grand Generalissimo during the session at Frankfort.

Joseph Heffelfinger, of Springfield, has a farm near West Liberty on which he will put out sixty acres of onions. Probably the greatest onion territory in the United States is the Scioto marsh in Hardin Co., O. Chandler Robbins, who owns land in the marsh, made \$38,000 last year on forty acres of onions.

CHILD KILLED.

Edna, Three-Year-Old Daughter of Ed. Lee, Colored, Run Over by a C and O. Engine and Fatally Injured.

Edna Lee, colored, aged three years, daughter of Ed. Lee and wife of the Fifth ward, was run over by C. and O. engine No 272 at 6:15 o'clock last evening and fatally injured. One leg was cut off above the knee, one arm broken and the skull fractured. Drs. Reed and Davis were summoned and did what could be done to alleviate the child's sufferings. The injuries resulted in death an hour or so after the accident.

No. 272 had taken train No. 2 to Portsmouth during the afternoon, the regular engine having broken down, and was returning light, in charge of Conductor R. E. Fite and Engineer Coleman. The mother of the child had been out gathering greens, and was just returning home. Several children had been with her and she thought all of them had gotten off the track. The little girl, however, after leaving the road, had gone back and reached the track just as the engine came alone. The engine was not running very fast, but the child was not seen in time to prevent the accident. The engine was brought to a stop after it ran a length or so.

Willis Green, a neighbor, saw the child's danger and attempted to drag it from in front of the engine, but was himself knocked down, fortunately escaping with a few bruises.

The funeral will take place Wednesday morning.

The Presbyterian parsonage at Washington is being painted.

—Mr. Peyton Wheeler has returned from Richmond, Ind., where he spent some time with his sister, Mrs. A. D. Gayle.

—Mr. C. P. Traxel, General Secretary of the Bowling Green Y. M. C. A., is spending a few days here with relatives, en route home from the international convention at Buffalo.

C. M. Purnell, aged twenty-nine, formerly of Mt. Carmel, died Saturday at Portsmouth where he moved three months ago. He leaves a wife, who was formerly Miss Ida Pollitt, also of Mt. Carmel, and four children. His remains were brought down Monday and taken to Mt. Carmel for interment.

Portsmouth Times: "The Dennis Medicine Company, which has been located on Chillicothe street, the past two years, moved to Maysville, Ky., Saturday. Dr. and Mrs. A. J. Dennis leave with the best wishes of the many friends they made during their stay in this city. The doctor enjoyed a liberal patronage, due to his square business methods and the courtesy shown everyone."

On July 1st, W. H. Anderson, present L. and N. Train Master at Paris, will become General Superintendent of the K. C. division of the road and the office will be removed to Paris. Louis Hood will be Superintendent of Terminals at Cincinnati, and Brent Arnold will become Third Vice President of the road. It has not been decided who will succeed Mr. Anderson as Train Master at Paris.

Miss Elizabeth Barbour, the talented daughter of Rev. and Mrs. John Barbour, who is at present attending the Bush Temple Conservatory, Chicago, is expected home soon when her many friends and admirers are anxious that she should give a recital and are hopeful that their wish may be gratified, feeling that an evening spent with this charming artist would be one of real pleasure,—a rare musical treat.

Mr. L. H. Wilson, a prominent Epworth League worker of the Newport M. E. Church, will deliver an address at the Third Street M. E. Church next Sunday evening, it being the occasion of the fifteenth anniversary of the Epworth League. All who are interested in the young people's work should plan to hear Mr. Wilson, as he is a splendid speaker, and is thoroughly devoted to the Epworth League movement. A beautiful song service has been arranged and the choir will be assisted by an orchestra.

Dudley Allen, colored, who was shot by Detective Riley at Marion, O., Saturday, was able to return to Maysville, and is at the home of his father, Thornton Allen, in rear of the jail. He was wounded in the hip, the ball somewhere in the groin. Allen says he and a companion were walking through the Erie railroad yards, and noticed some man following them. When he ordered them to stop, they became frightened and ran, the shooting following. Allen is sixteen years old. His physician, Dr. Stevens, does not apprehend any serious trouble from the wound, unless blood-poisoning should result.

D. Hechinger & Co

"Where do all of your customers come from, anyhow?" asked someone in our house last Saturday. Well, "it did look a little crowded." Many of our customers, however, waited patiently until we found time to wait on them. Why should you not come to the great HOME STORE for your Clothing, Shoes, etc.? No other house in the State shows such a variety of good merchandise. Here you find the choicest productions of the Stein-Bloch Co., L. Adler Bros. & Co., and the greatest line of young men's Suits made by Garson Meyer & Co. To those who wear clothes made by above firms we need say nothing. You who have not worn them are the fellows we are after. Come in and try on a suit. We want to show you what kind of clothes you should wear. "Don't be afraid of the price;" they won't cost more than the ordinary run of clothes.

From a side issue our shoe trade has assumed such proportions that it is now one of the chief features of our business. Hanan and Douglas, Do you know of any better?

Shave Yourself

It is a pleasure and real home comfort with the genuine "Three Star," the original and mechanical perfect Safety Razor. Saves money, time and inconvenience. The expense of being shaved by a barber amounts to about \$40 or \$50 a year to the average gentleman. It is impossible to estimate the value of time lost in the barber shop, as you are very often compelled to wait until the barber gets ready to call "next." To shave comfortably with the Star takes from three to five minutes and requires absolutely no experience. It is impossible to cut your face or even scratch same while shaving yourself.

The Star Safety Razor

has been on the markets of the world for the last quarter of the century, has always proved that it is what it professed to be—"The Gentleman's friend." It has given such absolute and general satisfaction that it hardly seems necessary to call attention to the fact that it is the first Safety Razor that does not belie its name and which renders shaving an easy and convenient luxury.
